COACH BRAD'S RACE CLINIC FOR KIDS – 2 DAYS - EARLY RATE = \$120, STANDARD RATE = \$145

(Open to all members)

This two-day event is for the instructor who is looking to develop and refine their skills in working with children. Each day of this event will be designed to highlight and share the candidates' knowledge of the movement analysis model, related technical concepts, the ATS teaching model, the CAP model, and the linking of these concepts for effective children's race coaching at all ages and ability levels.

Code	Location	Clinic Date	Deadline
6003a	Boyne Highlands, MI	Dec. 12-13	11/27/2009

CHILDREN'S EDUCATION PROGRAMS

CHILDREN'S ACCREDITATION – 2 DAYS – EARLY RATE = \$150, STANDARD RATE = \$175

(Open to Certified members in all Disciplines)

This two-day event is geared toward the certified instructor who wants to master the art of children's snowsport teaching. Participants will be evaluated on their teaching, technical, and movement analysis skills and how they relate to the CAP Model in children's teaching. The accreditation process is designed to identify and work on the movement analysis model, related technical concepts, the ATS teaching model, the CAP model, and the linking of these concepts for effective children's teaching at all ages and ability levels.

Each participant will have access to a workbook located on the PSIA-C website or by request, to complete prior to the weekend. This workbook will help the participant learn, prepare and formulate the concepts and tactics that will be used throughout the weekend. Please allow two weeks to complete the workbook.

Children's Accreditation Workbook – Each participant is required to complete the Children's Accreditation Workbook PRIOR to participating in this event. The Workbook should be mailed (or emailed) back to the PSIA -C Office two weeks prior to the date of the event.

FREESTYLE ACCREDITATION SERIES

FREESTYLE ACCREDITATION (BASIC, INTERMEDIATE, ADVANCED) 2 DAYS - EARLY RATE = \$150, STANDARD RATE = \$175

(Open to Levels 1, 2 & 3 — Written Exam Required)

Must have a firm grasp of teaching concepts and a willingness to try some of the maneuvers.

Limited to 6 Participants per Group.

This 2-day event mixes skiers and snowboarders of all ability levels in one collaborative group to share ideas and improve park skills. The 1st day will be an informal clinic to introduce and share freestyle skills. On the 2nd day, applicants will be evaluated on their riding and teaching skills. The written exam will be given on Sunday morning.

Teaching, riding and technical knowledge requirements can be found in the Freestyle Accreditation Study Guide posted on www.psia-c.org.

ALPINE LEVEL 2 EXAM PREP — 2 DAYS - EARLY RATE = \$120, STANDARD RATE = \$145*(Open to Level 1)*

This course is designed to fine tune your skills for those people that are interested in taking the Level 2 exam in either the current or following season. This will answer your questions about exam formats, how teaching assignments are made, what the examiner is looking for in the various skiing tasks and how different movements lead to different outcomes. The participants can expect to get evaluation and feedback on both their skiing and teaching skills as well as their overall knowledge. This is a great way to either fine tune your skills for the exam, or receive honest feedback on how your development is progressing.

ALPINE LEVEL 3 EXAM PREP – 2 DAYS - EARLY RATE = \$120, STANDARD RATE = \$145*(Open to Level 2)*

This course is designed and highly recommended for the instructor that is preparing for the Level 3 exam. You will be working on teaching, in a very relaxed format, at the level of the group with a strong emphasis on movement analysis and a lot of coaching from the group leader. The skiing phase will be based on high level tasks with the focus being movement patterns and desired outcomes. The group leader will guide you through the technical discussions in a non-intimidating atmosphere. The participants can expect to get evaluation and feedback on both their skiing and teaching skills as well as their overall knowledge. If you don't want individual feedback, this might not be the best event for you.

EDUCATION SERIES

FUNDAMENTALS OF ADAPTIVE SKI INSTRUCTION – (New Instructors)

2 DAYS - EARLY RATE = \$140, STANDARD RATE = \$165 (includes Division dues)

The FUN program is designed for new members who are interested in becoming an Adaptive Ski Instructor. Participants will learn the basic principals and philosophies of the American Teaching System as it applies to adaptive instruction. The FUN program is ran in conjunction with the adaptive workshop clinics.

ADAPTIVE WORKSHOP CLINIC – 2 DAYS - EARLY RATE = \$120, \$85 FOR ONE DAY / STANDARD RATE = \$145 OR \$105 FOR ONE DAY

(Open to all members)

We offer training in all six adaptive disciplines: three track, four track, developmentally disabled, visually impaired, mono-ski, and bi-ski. We also offer education events in Adaptive Snowboard Instruction. Participants will be exposed to teaching concepts, safety, adaptive skiing equipment, the abilities of our students, and review the exam standards. Each adaptive event is tailored to the members needs. Depending upon group size and diversity, we try to offer training for new adaptive instructors as well as exam preparation and continuing education for certified instructors. If you have a specific area of interest, please indicate this on your event application.

CERTIFICATION SERIES

ADAPTIVE LEVEL 1 EXAM – 2 DAYS – EARLY RATE = \$150, STUDENTS \$125

(Prerequisite: Level 1 Exam Prep Packet)

For: Registered Instructors, Basic Instructors and new members at least 16 years old having one year of adaptive ski instructor training or teaching experience verified by a ski school director. This is a two-day event. The Level 1 Certification Clinic is a combination clinic and evaluation with the first day a clinic and personal skiing evaluation and the second day a teaching technical evaluation. Participants are evaluated in a single adaptive discipline. It is recommended that an instructor attend an adaptive workshop clinic prior to the Certification Clinic.

Code	Location	Clinic Date	Deadline
3100a	Mad River, OH	Jan 16-17	01/01/2010

ADAPTIVE LEVEL 2 EXAM – 2 DAYS – EARLY RATE = \$150, STANDARD RATE = \$175

(Open to Level 1)

For: Adaptive Certified Level 1 Instructors at least 17 years old. Full certification becomes effective on the member's 18th birthday. This program tests an instructor's personal skiing skills, teaching ability and technical knowledge in all six adaptive disciplines. Before taking the Level 2 Certification, you must complete an adaptive workshop clinic, Adaptive Level 2 examination preparation, and/or an Alpine Level 2 examination preparation. Adaptive Level 2 Exams are two days.

CROSS COUNTRY/TELEMARK 2009/2010 CALENDAR**EDUCATION SERIES**

NOTE: SKI EQUIPMENT REQUIREMENTS FOR NORDIC EVENTS

All Level 2 and Level 3 Nordic track exam prep and exam participants must use waxable traditional equipment as well as specific skating equipment. Nordic track Level 1 does not require this equipment, but it is strongly suggested. Metal-edged Nordic downhill equipment is required during Nordic downhill but not Nordic track events.

CROSS COUNTRY WORKSHOP CLINIC - 2 DAYS - EARLY RATE = \$120, \$85 FOR ONE DAY / STANDARD RATE = \$145 OR \$105 FOR ONE DAY*(Open to all members)*

This program is a comprehensive overview of discipline specific technique from the beginner to advance skier. Clinics will provide enhanced skiing, teaching and technical fundamentals for the experienced instructor.

RESPONSIBILITY CODE

1. Always stay in control, and be able to stop or avoid other people or objects.
2. People ahead of you have the right of way. It is your responsibility to avoid them.
3. You must not stop where you obstruct a trail or are not visible from above.
4. Whenever starting downhill or merging into a trail, look uphill and yield to others.
5. Always use devices to help prevent runaway equipment.
6. Observe all posted signs and warnings. Keep off closed trails and out of closed areas.
7. Prior to using any lift, you must have the knowledge and ability to load, ride and unload safely.

Know the code, it's your responsibility.
